SUBMISSION OF VIDEO EVIDENCE

Statement Regarding Video Evidence Submission Format

Plaintiff originally prepared and purchased a USB drive containing the video evidence referenced in the Complaint for submission to the Court. However, upon inquiry with the Clerk's Office, Plaintiff was informed that, pursuant to federal court submission policies, the Court does not accept USB drives for electronic evidence. Instead, the Court requires all multimedia evidence to be submitted on DVD format in compliance with local and federal rules regarding digital evidence handling and security protocols.

To adhere to these requirements, Plaintiff has transferred the video files to a DVD and now submits the evidence in the proper format as directed by the Court. The enclosed DVD contains the eight (8) video exhibits referenced in the Complaint, clearly labeled according to their respective exhibit numbers for ease of reference.

Plaintiff respectfully requests that the Court accept this submission and consider the video evidence as part of the official record in support of the claims asserted in this action.
